

# WONDER VALLEY SAYS **NO to WONDER INN**

It is the rural neighborhood, expansive views, natural desert beauty & community spirit that make Wonder Valley unique and special.

**Stop Wonder Inn** opposes the proposed Wonder Inn Development because of the following adverse impacts:

- It will be a significant draw on our limited water supply
- It will ruin our precious dark sky
- It will bring traffic, air pollution and noise pollution
- It will greatly impact our already strained local fire and law enforcement resources
- It will worsen our local housing crisis
- It will disrupt the vital wildlife linkage corridors of the threatened desert tortoise and other species
- It will open the door to other commercial developers
- It will threaten the economic value and future of the community
